LANSCE Tour, Registration required

Dedication of Oppenheimer and Groves Statues

Completed statues to be installed near Fuller Lodge

Dr. Rosen came to Los Alamos to contribute to the Manhattan Project. He remained in Los Alamos to advance the global scientific community by fostering one of the world's premier centers for nuclear and particle physics. His passion for science was demonstrated by his commitment to science education and to extending scientific knowledge world wide.

**Honoring Dr. Louis Rosen - Nuclear Physicist
(June 10, 1918 - August 20, 2009)**

May 18-20, 2011
